WORLD DAY OF MUSIC: JUNE 21

World Day of Music, observed on June 21, celebrates the universal language of music. Originating in France in 1982 as *Fête de la Musique*, this day has grown into a worldwide sensation, embracing the diverse musical traditions of cultures around the globe.

Musicians come together from various backgrounds, generations, and cultures, and showcase their talents with numerous songs and musical genres. World Day of Music also encourages innovation, experimentation, and creativity in music-making. Need ideas on

how to celebrate? Here are a few to spark musical moments:

Live Performances: Attend a live performance from a volunteer musician, or at a local music event near you. Go see an artist you haven't seen or heard of before to broaden your musical horizons.

Music-themed Movies: Enjoy a musical movie every afternoon for a week! Include recent favorites, like *Sing* or *Chicago*, or classics like *Mary Poppins*, *Singing in the Rain*, or *The Wizard of Oz*. It might even turn into a fun sing-along!

Music Trivia Night: Organize a music trivia night featuring

questions about famous bands and musicians throughout history.

Group Playlist: Ask friends and family of all generations to each add one to two of their favorite songs to a playlist on your phone or tablet. Enjoy the variety of tunes and have fun discovering new songs and artists.

Intergenerational Music Activities: Did you play a musical instrument in your youth? Do you know how to read music? Share this talent with your grandchildren or local youth groups. Show them how to play scales, a simple song, or how to read sheet music.

Say Something Nice Day: June 1

A kind word or two can truly go a long way and make a positive impact on others. **Say Something Nice Day** is the perfect opportunity to bring a smile to someone's face. You may even receive a kind word in return! Here are a few suggestions on how to get started spreading joy:

Compliments: If you see something you admire about someone, say something! If a fellow resident is wearing a unique top or their room looks fascinating, don't hesitate to let them know that they have great style and self-expression.

A Little Goes a Long Way: Saying something nice doesn't have to be complicated. It could be as simple as wishing someone a great morning with a warm smile.

Put Yourself Out There: Don't be afraid to say something nice to a fellow resident you haven't spoken to yet. You never know how a kind word might change someone's day.

Acknowledge Other's Efforts: Is there a nurse or staff member who always goes above and beyond? Be sure to say something nice to that person as you see fit.

Pleasant Prose: Saying something nice can be expressed in more ways than one. Try writing a handwritten letter to someone with something kind to say, and deliver it to their door. It might brighten their day!

DID YOU KNOW THERE ARE TWO DOUGHNUT HOLIDAYS EACH YEAR?

That's right— twice the excuse to indulge! The first sweet celebration lands on the first Friday in June, and the second is in November. **The June version, known as National Doughnut Day, was started by The Salvation Army as a way to honor the brave "doughnut lassies"—women who fried up doughnuts in service helmets and served them to soldiers during World War I.** Years later, a new generation of morale-boosting women, known as the American Red Cross "Doughnut Dollies," continued the tradition by supporting troops during Vietnam.

Over time, "doughnut" has often been shortened to "donut," thanks to pop culture influences like *The Simpsons* and the ever-popular Dunkin'. And let's be honest—whether you're calling it a doughnut or a donut, we can all agree they're delicious!

These days, doughnuts have gone beyond simple powdered sugar or cinnamon. Hometown bakeries and specialty shops are dreaming up all kinds of mouthwatering combinations, like key lime pie, mocha crème, or even mango-filled delights. Some are topped with everything from cereal and crushed candy to flavored drizzles and cookie crumbles. But no matter how wild the toppings get, many still believe nothing beats the simple joy of a warm, freshly glazed donut.

With so many delicious options to choose from, what better time to enjoy your favorite than National Doughnut Day on June 6? **Whether you stick with the classics or try something new, there's a donut out there for you.**

NATIONAL CANCER SURVIVORS DAY

is a global celebration of life held each year on the first Sunday in June. It is a celebration of those who have survived, and hope for those who are still battling. **In America, there are more than 16.9 million cancer survivors, which is approximately 5% of all Americans.** By uniting to recognize cancer survivors and raise awareness of the ongoing challenges cancer survivors face, we're able to acknowledge and celebrate their fortitude and strength.
